Beech — Term 2

English	This term in English, the children will be exploring their new book 'Belonging' by Jeannie Baker. Through this book, the children will be able to develop their responses through discussion. We will be able to explore ecological and environmental impacts of urbanization and the impact humans have on the environment.
Maths	The children in Year 3 will be looking at addition and subtraction this term. They will explore how to add and subtract three digit numbers using column addition. The children in Year 4 will continue looking at addition and subtraction this term. They will learn how to add and subtract 4-digit numbers and solve addition and subtraction 2 step problems.
Science	This term in Science, the children will be looking at Living things and their habitats. The children will recognize that animals can be grouped in a variety of way. They will explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment.
Geography	In Geography this term we will be looking at Villages, Towns and Cities. The children will explore how many people live on the planet and where people are distributed globally. We will look at what settlements are and what makes a good location for a settlement. By the end of term we will explain the differences between Villages, Towns and Cities.
Art/DT	In art this term, Beech will be exploring working in three dimension. The children will develop their techniques, control and use of materials by using creativity and experimentation. The children will show an increased awareness of different kinds of art, crafts and design.
Music	In the Autumn 2, Beech class will be continuing to think about Young Voices and will spend time practicing the songs ready for the concert in January. They will also take part in drumming with Mr Winston, expanding their musical understanding and widening their use of musical language.
Computing	The children will be continuing to develop their computing skills this term and will be looking closely at online safety. We will be looking at how to use the internet and computers safely. We will look at the dangers and different things to be aware of when using technology and searching on the internet.
RE	In R.E, the children will be looking at Incarnation: What is the Trinity as their topic this term. We will be able to identify the differences between a 'Gospel' which tells the life of Jesus and a letter. By the end of the topic, the children will be able to offer suggestions about what texts about Baptism and the Trinity might mean.
PE	This term in P.E, the children will be exploring team games and our focus will be on Basketball. They will be developing their handling skills as well as their agility and balance. They will develop their strength and technique in order to play competitive games and understand the roles of attackers and defenders.

Core Books

Belonging by Jeannie Baker
Belonging is the story of a family growing up in an urban environment. It follows the life of Tracy, from birth to marriage, all by looking out the same wooden case-ment windows onto the family garden and neighbourhood. As she grows, and the articles on her window sill change to indicate her age, we also witness how the community comes together to turn what was once graffiti-covered concrete and soulless billboards into renovated buildings nestled behind thriving green spaces.
