

RSPCA Visit • P. 3

## MESSAGE FROM MR JOHNSON

Welcome back to Term 4. We cannot wait to see the fantastic outcomes that are achieved during the Spring Term. We started as we mean to go on, with our Whole School Text Week, where the children and staff worked incredibly hard to produce high-quality outcomes for our exhibition.

During this term, we will be having our Assessment Week and DT week. This is an opportunity for us to pause, reflect on the children's learning journey so far and address any possible misconceptions.

I would like to take this opportunity to remind parents and carers that should you have any feedback for us at St. Paul's (praise or constructive feedback), please feel free to email, message me on ClassDojo or speak to me on the gate. We all want the best for the children in our care and are always happy to listen to feedback about your experience of this.

*J Johnson*

## RSPCA VISIT

This week, the RSPCA visited St. Paul's to talk to the children about the importance of keeping animals safe. The children were treated to a very informative session where they were guided through some of the signs of how to tell when an animal may be stressed and in need of help. The children were spoken to by the North West Kent branch of the RSPCA. The branch works closely with the national RSPCA and inspectors but raise their own funds to tackle animal welfare issues in our local area.

If you wanted to make a donation to this local charity, you can scan the QR code to the right or visit [justgiving.com/rspcaknwb](https://justgiving.com/rspcaknwb). The charity can also be contacted with regards to vet costs, animal issues, neutering or microchipping.
