## EASTER COMES TO ST. PAUL'S

Easter has arrived at St. Paul's with the children celebrating this important tradition. Very kindly, the PTA bought every child in the school an Easter egg for them to take home. We also had a great Easter Bonnet Parade where the children showed off their incredible bonnets to our whole school community. I know a lot of hard work goes into these so I would like to thank everyone who made a bonnet. Finally, we celebrated Easter at St. Paul's with a church service to end the day. We listened to poems and prayers and an input from Rev. Johnny and Bea. Through the Easter story, our children learn about sacrifice, compassion and the triumph of good over evil. It cultivates a sense of community as communities gather for celebrations.

## MESSAGE FROM MR JOHNSON

Just like that six weeks fly by and another successful term is wrapped up. In a whirlwind of exploration, Beech, Birch, Oak and Maple Classes embarked on unforgettable adventures. Beech class marvelled at the wonders of nature in the Natural History Museum, while Birch class immersed themselves in the tranquillity of Nower Woods. Oak class delved into the world of plants at the Brogdale Collections, while Maple class embraced the marvels of science at the Science Museum. The children's collective spirit soared as they conquered the challenges of Tough Mudder, uniting to raise an impressive sum for St. Paul's. Amidst the academic hustle, the children celebrated the magic of literature on World Book Day and tackled Design and Technology projects with zest. Assessment Week brought its trials, but every child faced them head-on with determination and grit. Furthermore, we all shared the text "Every Little Kindness," exploring themes of compassion and empathy.

Our principle aim at St. Paul's is to ensure that every child can flourish and I hope you agree that we have gone above and beyond to ensure that this is the case this term.

*J Johnson*

## TOUGH MUDDER 2024

The children of St. Paul's School embraced the challenge of the Tough Mudder 2024 with infectious enthusiasm. Amidst the mud and sweat, laughter and moments of struggle, the children gave it their all to complete as many laps of our gruelling course as possible. As the final bell rang, the children's faces were beaming with pride and accomplishment. I am delighted to announce that we raised an amazing £840 for the school. This money will enable us to provide the children with rich opportunities to flourish and we cannot wait for you to hear about them.
